2. On February 7th 2022, [REDACTED] posted a video to his Instagram account (The Raging Dissident) where he shares information credited to police sources and that discloses enforcement plans. The following was posted with the video: URGENT WARNING – MASS ARRESTS IMMINENT Please share From sources inside Police services – Fed are sending hundreds of riot cops to coordinate with OPS and all other LE to go block by block, piece at a time to break up this demonstration no later than Friday Will likely happen late at night, I would guess Tuesday or Wednesday Prisoners will be bussed to Landsdowne area for processing. Orders coming from top of Government. Is this your legacy, RCMP? No one will forgive you. #propatria. #from #ottawa #istandwithtruckers #canada [Photo 3] (B/R)
3. On February 8th 2022, [REDACTED] posted 2 videos to his telegram channel "Rage Board" of his interview on InfoWars, hosted by [REDACTED] – United States political conspiracy theory promoter and ultra conservative. [REDACTED] describes [REDACTED] as having incredible information from his police and military contacts, massive arrests, police arresting and beating up old people, this is Tiananmen Square, the key is he who shoots first, loses.

[REDACTED] says there's supposed to be some negotiations taking place with a government delegate but he hasn't heard how it went from organizers yet; he goes on to state: **"it was fed to me from certain people within the apparatus that there is a scenario on the table for mass arrests, they are bussing in hundreds of federal police, riots cop, Public Order Unit, I guess it's called, the POU, I dunno, I wasn't a cop, I'm learning as I go. And they are staging now and planning around the clock, they are not that happy that I leaked that, I'm sorry but I'm not sorry."** [...] "And spirits are high, more people are coming every day, there's families, there's bouncy castles..." [REDACTED] says the government has been fomenting hate and division in the country for years now, and since this, we've had BLM protests, we've had Indigenous protests, blocking pipelines and derailing trains, but now everyone's a terrorist because it doesn't fit with the government's plans – terrorists,

insurrectionists, and they have no plans to negotiate – I'm concerned it's a trap of some kind." [...] "They are bussing in a lot of cops they're prepared to break this up by force, that's coming straight from the top allegedly [...] I don't know if there's even been any arrests, nothing like this is even going on..." [...] "They are posting things that are factually untrue... we know they are lying."

█████ addresses the use of 'terrorists' to which ██████ says "yes, and the good people that they still do have in law enforcement are starting to break ranks now, they are disgusted by what they are seeing police officers do. They are using intimidation tactics, there is a show of force, it was tense, it wasn't a good time apparently. It is completely insane, they are saying they want all these crazy demands – they are trying to take over the country and it's not true. ██████ says they want the mandates gone, the vaccines gone, the vaccine passports gone.

In the video there are images of the Coutts, AB, border blockade, to which ██████ says "and this is a national issue, it's a grassroots movement...and apparently all options are on the table still." The discussion turns to general politics, the conservative leader being ousted to which ██████ then restates this is a grassroots movement which is pretty decentralized and these guys are not going anywhere, they have no intention of leaving, because they have nothing to go back to, they'll lose their jobs, their homes, they have removed wheels off their trucks so they cannot be towed." ██████ adds: "there are no moves left that the state has that isn't going to make this worse." ██████ continue to discuss political conspiracies around "the Great Reset" which asserts that world powers are colluding to bring about a new world order.

█████ asks ██████ about the communications being blacked out – ██████ states: "yes that is part of the plan, **that's what they're hearing, that's what the guys are saying, you know they are right next door to uh to nearby to where these plans are being talked about** – they will cut cell phone service, you know I say your phone is your greatest weapon and your greatest defense, film everything and if they jam cell service, you can't live stream, but film everything and try and get that out. The remainder of the video discusses the political elements of the protest. [Photo 4] (B/R)

4. On February 8th, 2022, an image forwarded from telegram channel The Ferryman's Toll (█████) to the Rage Board (post time 1845 hours) depicts a screen capture of what appears to be a City of Ottawa memo requesting the work availability of transit operators. A line from the memo reads: "Please be advised that 6 operators are required to drive NOVA buses for Ottawa Police Services transportation and offer transit support on Thursday February 10, 2022." The message is captioned: "Ottawa Police needs 6 busses to offer transit support on Thursday?" [Photo 5] (B/R)
